Staff Software Engineer at Walmart | M.S. Computer Science

Bentonville, Arkansas, USA • In the U.S. since 2018

ABOUT ME

I grew up in Erode/Coimbatore in a close-knit Tamil/Telugu hindu family and have lived in the U.S. since 2018. I completed my Master's in Computer Science at Arizona State University and currently work as a Staff Software Engineer at Walmart. Calm, curious and easy-going by nature, I value a balanced life with family, friendships, meaningful work and an active but unhurried life outside work. I enjoy cycling, cooking, walking my dog, music ranging from Tyagaraja and Purandaradasa keerthanas to Nusrat's qawwalis, and occasional travel.

LOOKING AHEAD

I hope to meet someone kind, emotionally grounded and independent, with whom I can build a warm, stable and mutually supportive life. Compatibility is difficult to judge on paper, so I would be happy to begin with a simple phone or video conversation and get to know each other naturally.

FAMILY, ROOTS & A LITTLE MORE

A close-knit family background, with a life built independently in the U.S.

FAMILY & ROOTS

Our family is Hindu, Gavara/Baliya Naidu, with roots in Coimbatore and Salem. Telugu is spoken at home, and I have grown up equally familiar with Tamil culture. My parents are retired government pensioners and are settled in Coimbatore. I am their only child.

FATHER	Mr. D. Sampath M.A., B.L. — Retired Accountant, Department of Sericulture, Govt of TN
MOTHER	Dr. R. Rajamani, PhD — Retired Professor, Department of Commerce [Govt Aided], Vellalar College for Women, Erode
FAMILY	Financially settled; both parents are government pensioners. The family owns 3 residential and a small commercial property in Coimbatore / Erode.

LIFE OUTSIDE WORK

I like an active but unhurried life — cycling, cooking at home, spending time with my dog, listening to Indian classical/devotional music and qawwalis, and travelling occasionally. I value family, friendships and personal growth alongside career.
